

GLOBAL VENDOR CODE OF BUSINESS ETHICS AND CONDUCT

1.0 MANAGEMENT COMMITMENT

As a company engaged in global trade, Fresh Del Monte¹ is keenly aware of the importance of working alongside our constituents, and value their interests as their own. Fundamental respect for all people, and our planet, guides our corporate conscience. The Company is committed to diversity and inclusion, dignity for all workers along our entire supply chain, sensitivity towards the environment, and a spectrum of civic and charitable priorities that promote our shared future in the communities we serve.

We also believe that vendors, suppliers, customers, contractors, consultants, agents, representatives, brokers, distributors, research partners, software providers, licensors, intermediaries and other third parties who provide us with goods and services, along with their parent entities, subsidiaries, subcontractors and supply chains (collectively “Third Parties” and each a “Third Party”) approved to do business with the Company should observe the same philosophy in their actions and relationships affecting the Company. While the Company recognizes that there are different legal and cultural environments in which Third Parties operate throughout the world, the Company has established this Code of Business Ethics and Conduct for Third Parties (this “Code”) to set forth the basic requirements Third Parties MUST meet with respect to performance as a Third Party to the Company.

All Third Parties must comply with this Code and must ensure that their subcontractors that produce products or materials for or provide services to the Company comply with this Code. Compliance with this Code is in addition to, not in lieu of, any Third-Party obligations set forth in any agreements between a Third Party and Company. Additionally, compliance with this Code is each Third Party’s individual responsibility and we recommend that each Third Party regularly communicate this Code and its requirements to its officers and employees.

2.0 COMPLIANCE WITH LAWS AND REGULATIONS

Third Parties approved to do business with the Del Monte Fresh Group, including all their subcontractors, must operate in full compliance with the laws of their respective countries and with all applicable rules, regulations, customs and published industry standards applicable to them, including those relating to labor, worker health and safety, freedom of association and the environment.

¹ The terms “Fresh Del Monte,” “Company,” “we,” “our,” or “us,” refers to Fresh Del Monte Produce Inc. and its subsidiaries, in general, when no useful purpose is served by identifying any particular Fresh Del Monte entity.

3.0 PRODUCT SAFETY AND QUALITY

One of the most significant Company values is our commitment to providing our customers with trusted, quality food products. We expect our suppliers to value product safety and quality and to comply with government and Company food safety requirements and specifications.

4.0 HUMAN RIGHTS AND LABOR

We are committed to observing human rights and fair labor practices and to treating our employees, whom we call team members, with dignity and respect. Our programs and policies, such as our [Human Rights Policy](#) support the principles contained within the [United Nations Universal Declaration of Human Rights](#), the [United Nations Guiding Principles on Business and Human Rights](#), the [UK Modern Slavery Act](#), and the [International Labour Organization's Labour Standards](#).

We expect our vendors to make the same commitments in their labor practices by having training and controls in place that: (1) Verify the employment eligibility of their employees; (2) Prohibit inappropriate recruiting practices and fees; (3) Ensure no forced labor or child labor is being used or human trafficking is occurring; (4) Respect the right of employees to freely associate, organize, and bargain collectively; (5) Ensure compliance with applicable wage and hour laws; (6) Prohibit discrimination, harassment and workplace violence; and (7) Provide options for employees to report concerns without fear of retaliation.

Diversity, Discrimination and Harassment

The Company values, honors and respects differences and diversity in its employees, customers, vendors. The Company expects Third Parties to provide a work environment that offers equal opportunity to its employees and that is free from unlawful discrimination or harassment; one in which each employee is treated with dignity and respect.

Forced Labor and Coercion

Third Parties must not use involuntary labor of any kind, including debt bondage, indentured servitude or forced labor by governments. The Company has zero tolerance for involuntary labor of any kind and will terminate its business relationship with any Third Party who uses involuntary labor or purchases from any subcontractor who uses involuntary labor of any kind. If a Third Party recruits foreign contract workers, the Third Party must pay agency recruitment commissions and must not require any worker to remain in employment for any period of time against his or her will. Likewise, the use of physical acts to punish or coerce workers, or psychological coercion, or any other form of non-physical abuse, including threats of violence, sexual harassment or verbal abuse is prohibited.

Child Labor

Every worker employed by a Third Party must meet the local minimum legal age. Each Third Party must comply with all local child labor laws, including those related to hiring, wages, hours worked, overtime and working conditions.

Wages & Hours

Third Parties must ensure that workers are paid at least the minimum legal wages or the local industry standard, whichever is greater. Third Parties shall carry out operations in ways that limit overtime to a level that ensures humane and productive working conditions.

Working Conditions

Third Parties must treat all workers with respect and dignity and provide them with a safe and healthy working environment and, where provided, a living environment. Third Parties must comply with all applicable laws regarding working conditions, including worker health and safety, sanitation, fire safety, risk protection, and electrical, mechanical, and structural safety. At a minimum, Third Parties must provide potable drinking water, clean and accessible restrooms, adequate lighting and ventilation, fire and emergency exits, essential life safety equipment, emergency aid kits and access to emergency medical care.

5.0 ANTI-CORRUPTION AND BRIBERY

“Anti-Corruption Laws” include the US Foreign Corrupt Practices Act (“FCPA”) and the UK Bribery Act (“UKBA”), and other applicable anti-corruption laws and regulations (collectively, the “Anti-Corruption Laws”). All Third Parties are expected to comply with the letter and spirit of the Anti-Corruption Laws as a condition to doing business with and receiving payment from Company. We expect our Third Parties to conduct their businesses and interactions on behalf of Company in accordance with relevant Anti-Corruption Laws. We also expect our Third Parties to have codes or other policies that prohibit bribes and other unlawful payments to third parties and government officials. The Company prohibits facilitation payments, except for a very limited set of circumstances for which prior written approval must be obtained from the Company’s General Counsel. Please refer to the Company’s Global Anti-Bribery and Anti-Corruption Policy.

Third Parties are also expected to have controls in place to prevent corruption and to train their employees accordingly. Third Parties are expected to permit Company to request and review all relevant records to ensure their compliance with the terms of this provision. The Company also expects our Third Parties’ sub-tier vendors and suppliers to comply with the Anti-Corruption laws and this provision. Third Parties may consult Company Global Anti-Corruption Policy for additional information on Company’s anti-corruption expectations. Company reserves the right to decline future business opportunities or to end existing business relationships with suppliers who do not comply with these expectations and relevant Anti-Corruption Laws.
